Neela, can you give us more than 2 hours to respond to major points here?

Hi, Betsaida,

I don't know if DC or PA is handling, but I'd like to get comment on the main point of the ProPub story, ie that the summary reports contradict the pt you guys seemed to make last week, that the water of 11 families is essentially safe to drink. My deadline is in 2 hrs. Thanks.

Thanks
Neela
